This job description is your go-to place for all the ins and outs of this role at Internal Affairs

Strategic Advisor (Level 1)

System Strategy & Initiatives (SSI), Digital Public Service Branch

Strategic Advisors (Level 1) work as part of a multi-disciplinary team to deliver the work programme together, developing strong central positions and advice on complex and emerging topics, and implementing the Strategy for a Digital Public Service by driving system level change. They collaborate to understand new and complex situations, define problems, develop solutions and deliver interventions and outcomes outside the usual boundaries. They have a variety of professional backgrounds and will bring their specialist expertise to help drive, support and deliver the work.

- **Reporting to:** Capability Manager (but work to the Programme Delivery Manager)
- **Location:** Wellington
- **Salary range:** IT Band K

What we do matters – our purpose

Our purpose is to serve and connect people, communities and government to build a safe, prosperous and respected nation. In other words, it's all about helping to make New Zealand better for New Zealanders.

How we do things around here – our principles

We make it easy, we make it work

- Customer centred
- Make things even better

We're stronger together

- Work as a team
- Value each other

We take pride in what we do

- Make a positive difference
- Strive for excellence

Working effectively with Māori

Te Aka Taiwhenua – our Māori Strategic Framework – enables us to work effectively with Māori. Te Aka Taiwhenua is underpinned by our mātāpono – Kotahitanga, Manaakitanga, Whānaungatanga, He Tāngata.

As DIA is an agent of the Crown, Te Tiriti o Waitangi/The Treaty of Waitangi is important to everything we say or do. We recognise it as an enduring document central to New Zealand's past, present and future. Building and maintaining meaningful relationships is important to work effectively with Māori, stakeholders and other agencies. We accept our privileged role and responsibility of holding and protecting the Treaty of Waitangi / Te Tiriti o Waitangi.

Te Tari Taiwhenua
Internal Affairs

What you will do to contribute	As a result we will see
<p>Strategic Leadership and Advice</p> <ul style="list-style-type: none"> • Develop high-level, well-informed strategic insight, judgement and advice to support the planning, decision-making and delivery of aspects of the Strategy for a Digital Public Service and other work programme deliverables. • Work with the Programme Delivery Manager (and others as needed) to translate and scope Ministerial priorities and strategic drivers into the work programme. • Explore new topics and issues through effective data gathering, innovation, experimentation, evaluation and dissemination. • Identify new and emerging technologies, products, services, methods and techniques, then assess their relevance and potential impacts, including threats and opportunities. • Use insights to shape future thinking, identify opportunities, formulate and drive the digital agenda and interpret the implications for government and society, including new options for service delivery and across the regulatory, legislative, policy, investment, workforce and human capability domains. • Work with internal and external subject matter experts to develop an informed central position and guidance on key topics. • Ensure that strategic advice and recommended approaches have had appropriate input from key stakeholders. • Provide high level, high quality, evaluative thinking and evidence informed strategic analysis to support decision making and planning. • Operate effectively where there may be a high degree of political sensitivity and disparity of views amongst stakeholders. 	<ul style="list-style-type: none"> • Stakeholders are well informed and kept updated on emerging trends • A system-wide view of Government Digital, Data and ICT, including where significant risks and opportunities lie • More collaboration and joined-up delivery across the Group and Branch • Early identification of system risks and interventions • Increased value proposition of the GCDO as a trusted business partner delivering on system transformational priorities
