### Clean and Restoration Technician

Our client, Enviro Clean and Restoration, are looking for a skilled Clean and Restoration Technician to clean up buildings that have been damaged by floods, fire, toxic mould, bio hazards, meth labs and sudden deaths.

The work is physically demanding and requires a range of skills from furniture and cabinetry restoration to carpet and upholstery cleaning. Ideally the candidate will have experience in cleaning and restoration and have proven experience in the industry. A qualification in cabinet making or a related building trade is essential together with a clean and valid drivers' licence.

You will need to be physically fit, available to work weekends and nights as necessary and have a can do attitude.

If this sounds like a challenge you would enjoy we would love to hear from you!

Criminal history checks and drug testing will take place with the preferred candidate.

For strictly confidential enquiries or further information about this role, please call Diane Hallifax at Everest Group Limited on 027 3527362 or email your CV including a covering letter to [diane@everestgroup.co.nz](mailto:diane@everestgroup.co.nz)
